OPINION

The plaintiff, Bobby Blackmon has appealed from an order of the Trial court concluding as follows:

IT IS THEREFORE ORDERED, ADJUDGED AND DECREED that the Defendant, Steven F. Glaser's, motion for summary judgment is well taken for the reasons heretofore set out, and shall be granted.

The costs of this cause are taxed to the Plaintiff, Bobby Blackmon, for which execution may issue, if necessary.

An appeal as of right does not lie from an order unless it disposes of all the claims, rights and liabilities of all the parties. T.R.A.P. Rule 3(a).

An order that a motion for summary judgment is "well taken" and "shall be granted" is not a disposition of any claim, right or liability of any party.

The appeal is therefore dismissed at the cost of the appellant without prejudice to the prosecution of a further appeal upon the entry of a judgment conforming to the requirements of said Rule 3(a). On motion the present record may be made a part of the record of such further appeal.

Appeal Dismissed.
